

Wall-Flex. Extractor-Filter for Gases and Odors. Active Carbon 30Ltr.

Active Carbon 30Ltr.

Wall-Flex is a wallmounted Extractor-Filter with replacement filter cartridge for gases. The Cartridge contains 30 Ltr. Active Carbon and has a pre-filter Fleece on the outside.

Application Examples:

1. Cleaning/Degreasing
2. Conservation
3. Gluing/Bonding
4. Molding
5. Screen Printing

Easy to change Cartridge.

Access to the replaceable Active Carbon Cartridge is easy and changing it takes just minutes.

Wallbracket and Fan Holder.

Wall-Flex is as standard equipped with a strong wallbracket. The fan is to be mounted on the top of the included fan holder. Flexi FLT Extraction Arm is to be mounted on the bottom side of the filter box (1.5-3m Arms). No unnecessary holes have to be made in the wall. Wall-Flex can be connected to a central extraction system instead of having a fan on the top of the Filter Box. A diameter 160 mm outlet adaptor is included.

40 years experience of design and manufacturing at your service.

The Plymoth products are a combination of well-proven technique and progressive new ideas.
