

Flexa D.75mm D.100mm. Bench Top mounting 1m 1.3m 1.6m

Soldering, gluing and Laboratories.

Flexa extraction arms are designed to extract smoke, gas and light dust from soldering, grinding, gluing and laboratory work.

Easy to move.

Modern parallelogram technology is the secret. The d.100mm arm is extremely easy to move and still retains its position. The extractor hood can be angled more than 110 in all directions.

Bench Top mounting.

Flexa can be mounted standing on top of a table with a hole through the table or at the edge of the table with the included table bracket. Turning flange 360. Outlet with d.80mm inside for Flexa d.75mm and outlet d.100mm inside for Flexa d.100mm is included.

40 Years Experience.

40 years experience of design and manufacturing at your service.

The Plymoth products are a combination of well proven technique and progressive new ideas.
