

Flexa D.75mm D.100mm. Wall/Ceiling mounting 1m 1.3m 1.6m

Soldering, Gluing and Laboratories.

Flexa extraction arms are designed to extract smoke, gas and light dust from soldering, grinding, gluing and laboratory work.

Easy to move.

Modern parallelogram technology is the secret. The d.100mm arm is extremely easy to move and still retains its position. The extractor hood can be angled more than 110 in all directions.

Wall or ceiling mounting.

Flexa can be mounted on the wall or in the ceiling with the included standard bracket. 360 turning flange. Outlet with d.80mm inside for Flexa d.75mm and outlet d.100mm inside for Flexa d.100mm is included.

40 Years Experience.

40 years experience of design and manufacturing at your service. The Plymoth products are a combination of well proven technique and progressive new ideas.
