

Flexi Ceiling- and Table/Filter Extractor Arms D.160/200 mm

Inside Parallelogram Support Arms. Flexi Ceiling-, Table- and Filter extractor arms have the support arm inside. They are designed with the modern parallelogram technology for superior manoeuvrability and retaining of position.

Flexi Ceiling Extractor Arms FLT, with turning flange for ceiling mounting, come in 1,5•2•3•4•5 m models. They have a strong turning flange with 8 holes for M8 bolts. C/c 230 mm. The extractor arms have the same specification as Flexi Minor, Major and Horizontal but are without wall brackets.

Flexi Table/Filter Extractor Arms FLB, with turning flange for table/filter mounting, come in 1,5•2•3 m models. Turning flange and specification like above.
